

The 4th Graduates of Hilaris Primary School of 2021

Little Koala Montessori Foundation
PLAYGROUP - KINDERGARTEN - AFTER SCHOOL PROGRAMME
National Plus
HILARIS PRIMARY SCHOOL

Graduation is a milestone event to highlight our Hilaris Primary School beloved students' achievements. In the past few years, we have seen the graduates learn hard but fun in order to accomplish their education goals. We are the lucky ones who have had the privilege of helping the students with their educational growth. Also we have witnessed the parents support them with everything they could do. Every graduate here today has learned hard to make the best version of themselves. They have preserved and worked towards their goals in a determined way.

Each of students has grown in a way that we should be proud of. They arrive in this graduation as a skilled and valuable group and ready to tackle the next set of challenges ahead, as one of a result from the variety of schools activities and a rounded education we have given to them. Furthermore, let me thank all the parents for their willingness to support the school. Fundraising activities, active participation, and positive feedback are hugely advantageous and appreciated by the staff in order to develop our school for the sake of our students.

The last but not least, I also want to thank the dedicated teachers at the school. They do not seek any praise, however, their skill and dedication to educate the students is enormous. The future holds many challenges and successes for all of students. Each of them will have their own unique opportunities to grow.

I am confident they will rise and strive in every occasion.
Let me wish you all the best for the future. Congratulation beloved students & parents ☐☐

Founder of LKM-Hilaris
Education Institution
Dr. Debby Andriany, MM.

"The future holds no promises, but rather mysteries and surprises." I know that you are heading into an uncertain future, and everyone says that things will not be the same as they were before, but I know you will be better because when we go through some tough challenges, we learn about who we are and what we value in our life. So I'm hoping the future will be even better as we become more responsible people.

Prepare yourself to face the world, find more and more knowledge in order to share to others, do not give up on the obstacles when you try to reach your dream, and keep being the best version of you. Congratulations on your graduation and all the best for the future!
